

Hot Pink Paper: Report Card

Women Transforming Cities has developed eight policy asks for Mayor and Council candidates from major parties running in the 2022 Vancouver election. These policy asks are based on months of community input from women, gender-diverse residents, and front-line organizations that serve those who are made marginalized due to their identities. We asked every Mayoral and City Council candidate from these parties if they will commit to these eight policies if they are elected in October.

Women Transforming Cities works to dismantle intersecting systems of oppression with equity-deserving genders and movements to transform where we live into places where everyone can belong, participate, and have social, economic and political equity.

The work of WTC in Vancouver takes place on the stolen ancestral territories of the Skwxwú7mesh (Squamish), Stó:lō and Səlilwətaʔ/Səlilwitulh (Tsleil-Waututh) and xʷməθkʷəyəm (Musqueam) Nations. We acknowledge the leadership of Indigenous women for time immemorial, and seek to learn and unlearn our own colonial practices as we work in cities as sites of resistance.
